ZEDONGRILL

At Zedongrill, our mission is to provide our customers with the ultimate outdoor cooking experience, and our BULL BBQ line is no exception. We are committed to offering the highest quality grills that are designed to deliver exceptional performance and durability. Our BULL BBQ grills are built to last, with heavy-duty construction and advanced features that make grilling a breeze. Our goal is to help our customers create unforgettable memories with their loved ones by providing them with the perfect setting for outdoor entertaining. With Zedongrill and BULL BBQ, you can turn your backyard into the ultimate grilling destination.

Zedongrill's outdoor kitchen cabinets are available in a variety of sizes to fit your specific needs:

- Base cabinets 50, 80, and 200cm
- Wall cabinets individual size
- Tall cabinets 93 and 111cm

Keep in mind that these are just the standard sizes, and Zedongrill can customize the cabinets to fit your specific outdoor kitchen design.

Zedongrill's outdoor kitchen cabinets are designed to provide ample storage space for all your grilling essentials. Made from high-quality materials, these cabinets are built to withstand the elements and last for years to come. They are available in a variety of styles and finishes, so you can choose the one that best fits your outdoor kitchen design. Whether you need a place to store your grilling tools, spices, or condiments, Zedongrill's outdoor kitchen cabinets have got you covered. With their sleek design and durable construction, these cabinets are the perfect addition to any outdoor kitchen.

Zedongrill's outdoor kitchen cabinets are made from high-quality materials that are designed to withstand the elements and last for years to come. Here are some of the materials that Zedongrill uses for their cabinets and countertops:

Aluminum: Aluminum is a lightweight and durable material that is resistant to corrosion and rust. Zedongrill's aluminum cabinets are powder-coated to provide an extra layer of protection against the elements.

HPL (High-Pressure Laminate): HPL is a durable and low-maintenance material that is resistant to scratches, stains, and fading. Zedongrill's HPL cabinets are easy to clean and maintain, making them a great choice for outdoor kitchens.

Granite: Granite is a natural stone that is known for its durability and beauty. Zedongrill's granite countertops are sealed to protect against stains and moisture, and they are available in a variety of colors and patterns.

Dekton: Dekton is a ultra-compact surface that is made from a mixture of natural materials. It is resistant to scratches, stains, and heat, making it an ideal choice for outdoor kitchen countertops. Zedongrill's Dekton countertops are available in a variety of colors and patterns.

An outdoor kitchen is a great addition to any backyard or outdoor living space. It provides a dedicated area for cooking, entertaining, and relaxing with family and friends. Outdoor kitchens can be customized to fit your specific needs and preferences, with features such as grills, refrigerators, sinks, and storage cabinets. When designing an outdoor kitchen, it's important to consider factors such as location, size, and budget. You'll want to choose a location that is convenient, accessible, and protected from the elements. The size of your outdoor kitchen will depend on the amount of space you have available and the features you want to include. And of course, you'll need to set a budget for your outdoor kitchen project. If you're interested in purchasing an outdoor kitchen, there are many options available on the market. Zedongrill is a leading manufacturer of high-quality outdoor kitchens, with a wide range of products to choose from. Their outdoor kitchens are made from durable materials and are designed to withstand the elements, ensuring that they last for years to come.

MATERIALS

Fundermax

Eco-friendly material. Well known for its durability, whether resistant, and easy maintenance making them an ideal choice for outdoor use. We are using Fundermax for our cabinet side's.

COUNTERTOPS

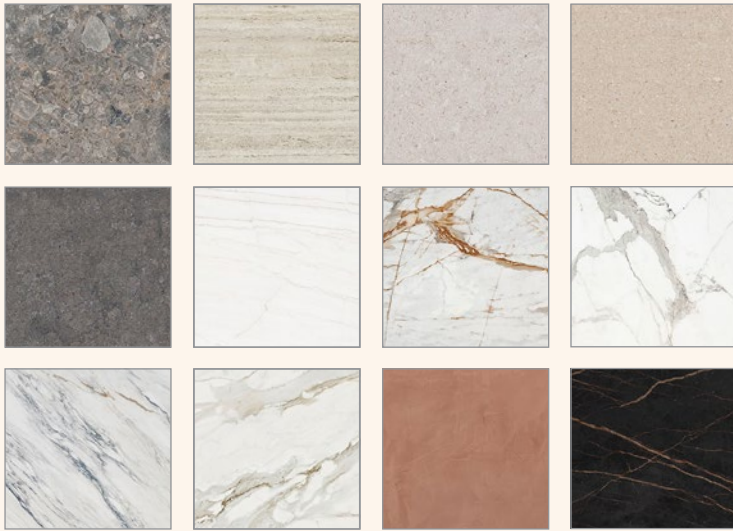

Granite

Is one of the hardest stone in nature. Thanks for this attributes granite is very resistant for all weather conditions and UV.

DEKTON

Is a mixture of glass, porcelain and quartz. It's also known from its durability and high resistant for scratches, UV, and heat. Its a very good choice could be for outdoor use. Its available for extra charge only!

MATERIALS & OPTIONS

RAL COLOURS

Cabinet sides: We kept our original option for the covering of the cabinet side's, which was the aluminum. If you need special color, powder coated aluminum is good choice! It's available in every RAL color.

OPTIONS

Optical thickness extension for countertops (skirts): Some of the granite and Dekton types are only available in 2 cm thickness which is too thin for nice lookout. We are able to put a skirt around the countertop's edge (extra 2 cm or even more) and with this solution gives optically more thickness meanwhile it keeps lighter weight for our countertop. Its available for extra charge only!

Light options: We can upgrade your dream outdoor kitchen with LED lights which could be controlled by remote or phone or your smart home. Options: under countertop light, bottom light, cabinet indoor light.
